PROFILE

I am a student who is highly motivated and dedicated with strong analytical skills. Having achieved good grades at CXC level and at tertiary level along with my active involvement in the Barbados game developer's association, I am keen to pursue a career in the technology industry. I have also made a few websites and web applications recently.
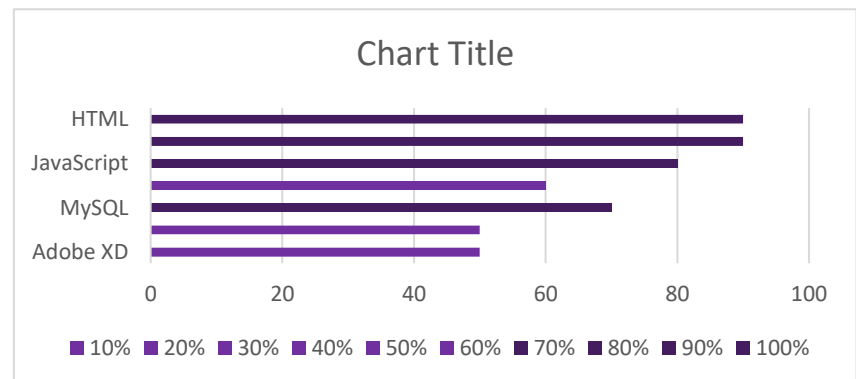

EXPERIENCE

Partnered with NCF to make a Covid-19 Game – Summer 2020
- Worked with Unity Game Engine
- C# Programming Language

Link to game: Killvid - Apps on Google Play
